

ACTIVITIES AND RESULTS OF THE HUNGARIAN CYCLISTS' CLUB IN THE PAST YEARS

2004: Foundation of the Critical Mass movement in Hungary

CRITICAL MASS

BICIKLIZZ MINDEN HETKOZNA

CRITICAL MASS

BICIKLIZZ MINDEN HETKOZNAP!

CRITICAL MASS

BICIKLIZZ MINDEN HET

- During the summer of 2005, with the help of the Critical Mass Organizers, negotiations began with the City Council
- The restart of the cycle path development was promised by the City Council
- 40.000 EUR was spent on reconstruction as a stop-gap aid

September 2005, World Car Free Day

- Leaders of the Critical Mass and MKK agree on the need for a petition
- The idea of a „cycle path fund” was first mentioned here

- „Kidnapping” the Minister
- The need for a ministry commissioner was found, and some months later the position was born and filled

The first person at the Ministry of Economy and Transport representing cyclists

The formation of professional departments

- Department of traffic
 - Working in cooperation with the ministry

- Legal department
 - Free of charge legal support for our members

- Partnership formed with the City Council
- Cooperation on a weekly basis

- Before the elections the Ministry announces the separation of 4 million EUR, on cycle path building purposes
- Non-profit cyclists' organizations are also involved in the preparation and decision process

TOUR DE VOKS 2006

Forn...

Victories over party politics

- Unanimous vote to support of our proposal in the local government of a district in Budapest
- The City Council unanimously voted the protection of the only Hungarian velodrome, which was previously scheduled for demolition
- Almost unanimous voting about the velo-budget in the parliament of Hungary

□ Architectural and financial plans are written, in order to save the velodrome

- The mayor candidates invite our representatives to discuss the future improvements and investments
- We were also invited to help evaluating applications on cycle path building subsidies
- The applicants themselves are also seeking our cooperation.

Several programs were organized throughout the Mobility Week. One of the city's main roads was closed from traffic

More services at the end of the year 2006

- Accident and liability insurance available for our members
- Discounts for our members on different services of the HCC
- Local organizations of HCC

International work also started

- Participation at ECF events and EuroVelo consultations
- Together with the Netherlands, Germany and Lithuania we are taking part in the VECTOR research project
- More international projects
