

BYPAD

More quality for bicycle traffic

BYPAD method

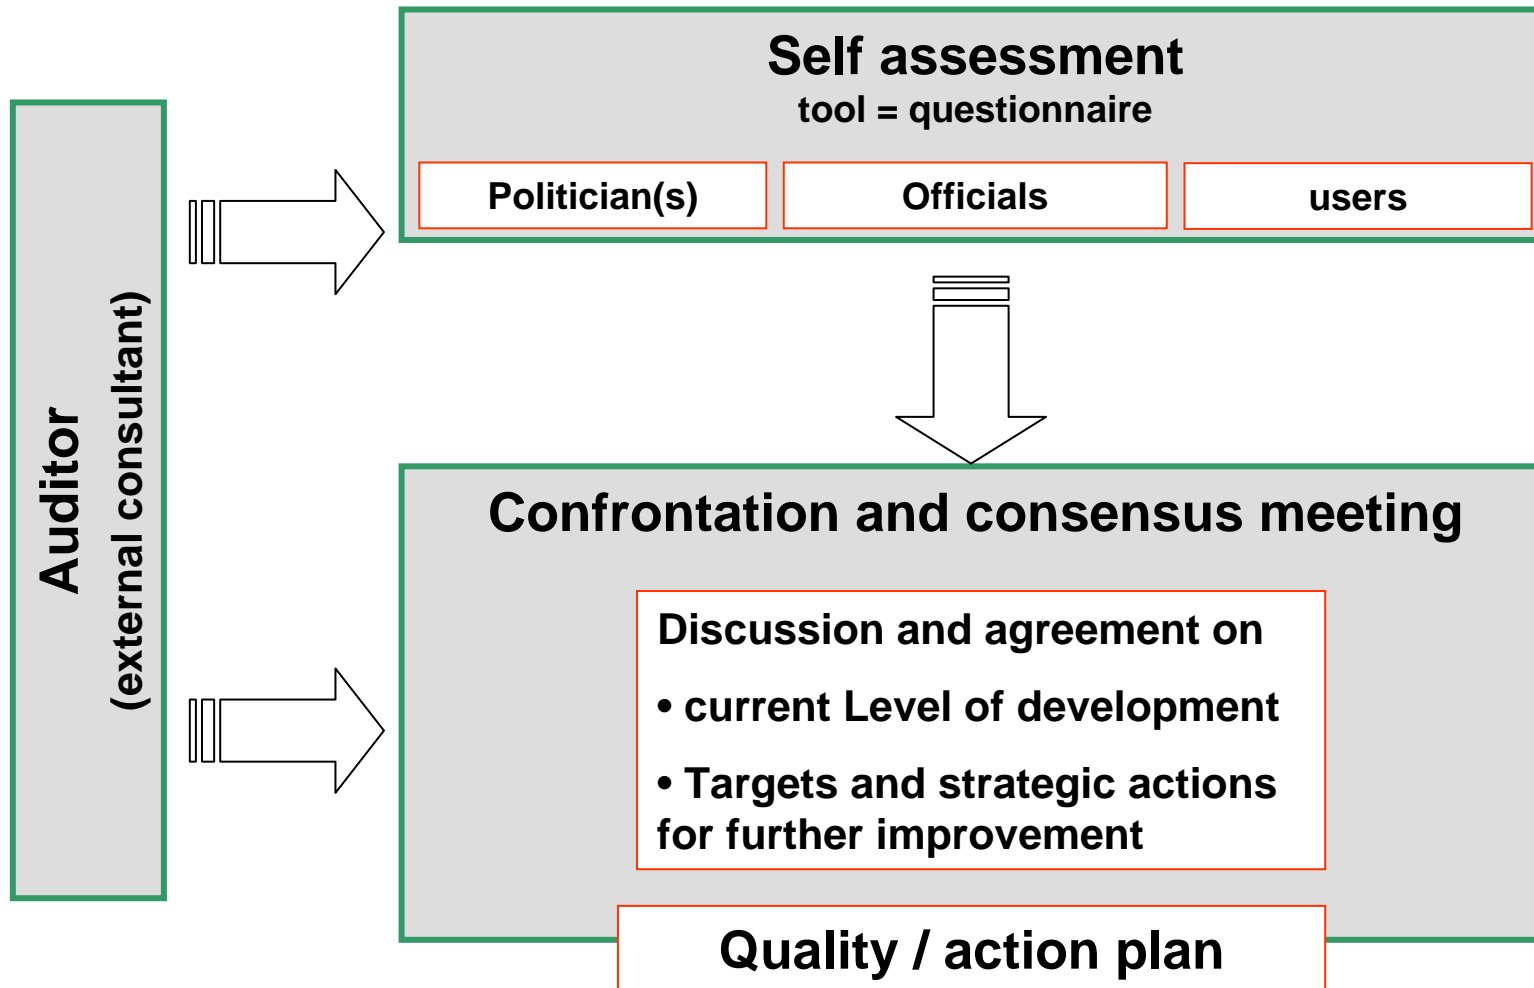

Radomíra Plíšková, CDV

The most efficient method for improving your local cycling policy!

BYPAD
BICYCLE POLICY AUDIT

The BYPAD process

BYPAD
BICYCLE POLICY AUDIT

More quality for bicycle traffic

Questionnaire – tool for monitoring and communication

- **Questionnaire for cities**
- **Questionnaire for towns**
- **Questionnaire for regions**

BYPAD
BICYCLE POLICY AUDIT

More quality for bicycle traffic

Cycling policy as a process

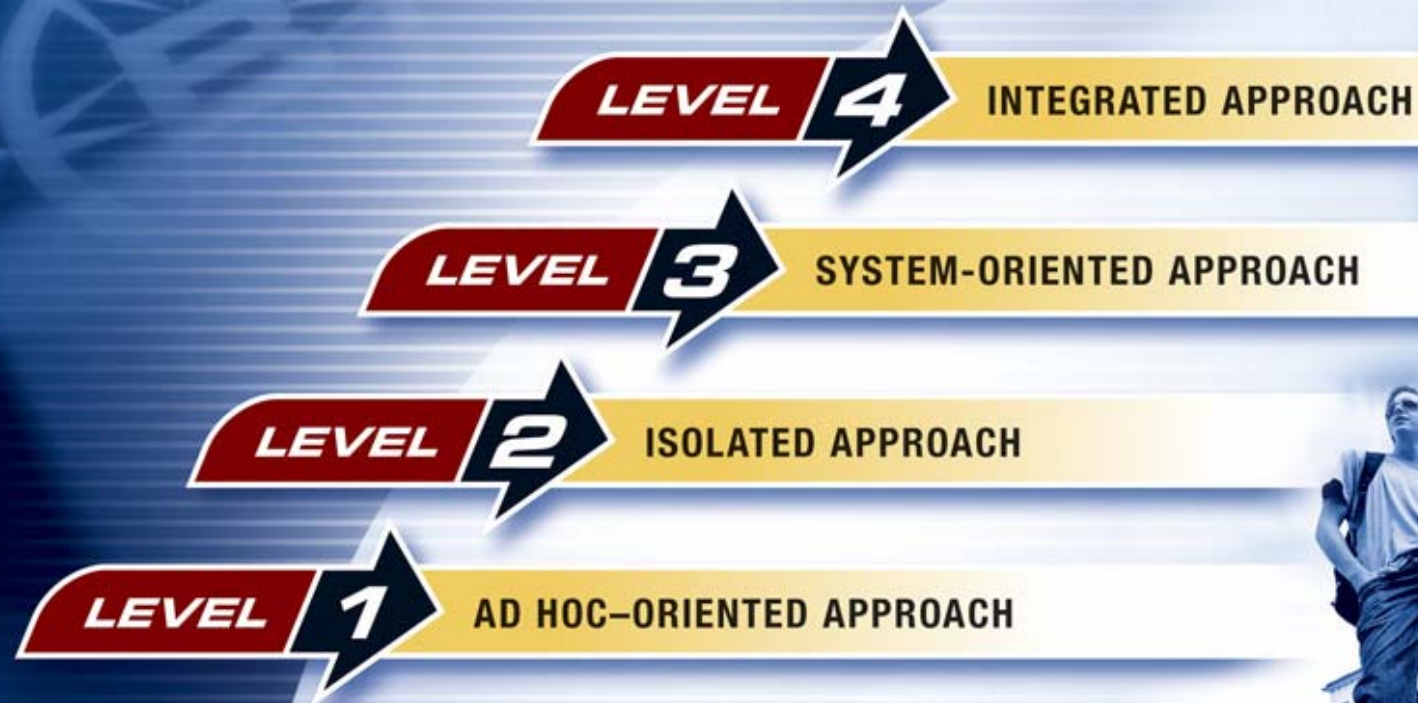

BYPAD
BICYCLE POLICY AUDIT

More quality for bicycle traffic

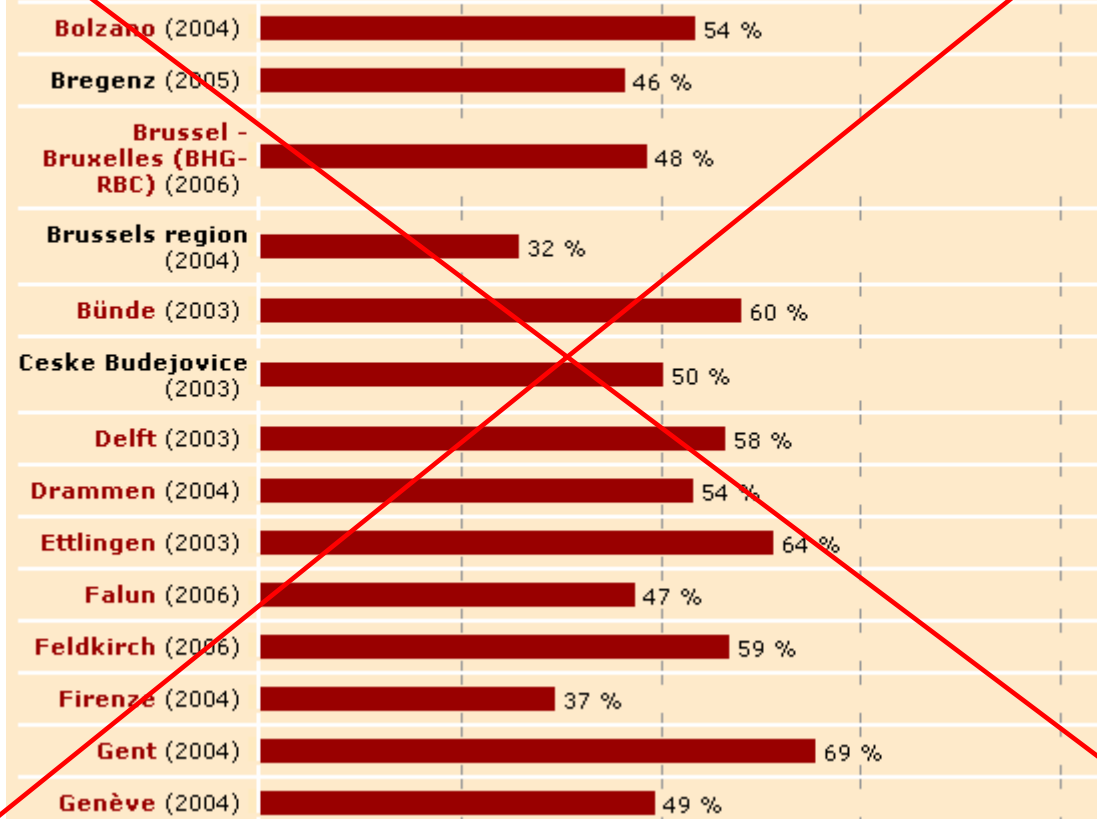

BYPAD LEVELS OF DEVELOPMENT

Overall City Score

The goal of BYPAD is to evaluate and improve the city's cycling policy and NOT to compare cities. The differences in size, culture, structure make it impossible to simply compare the scores.

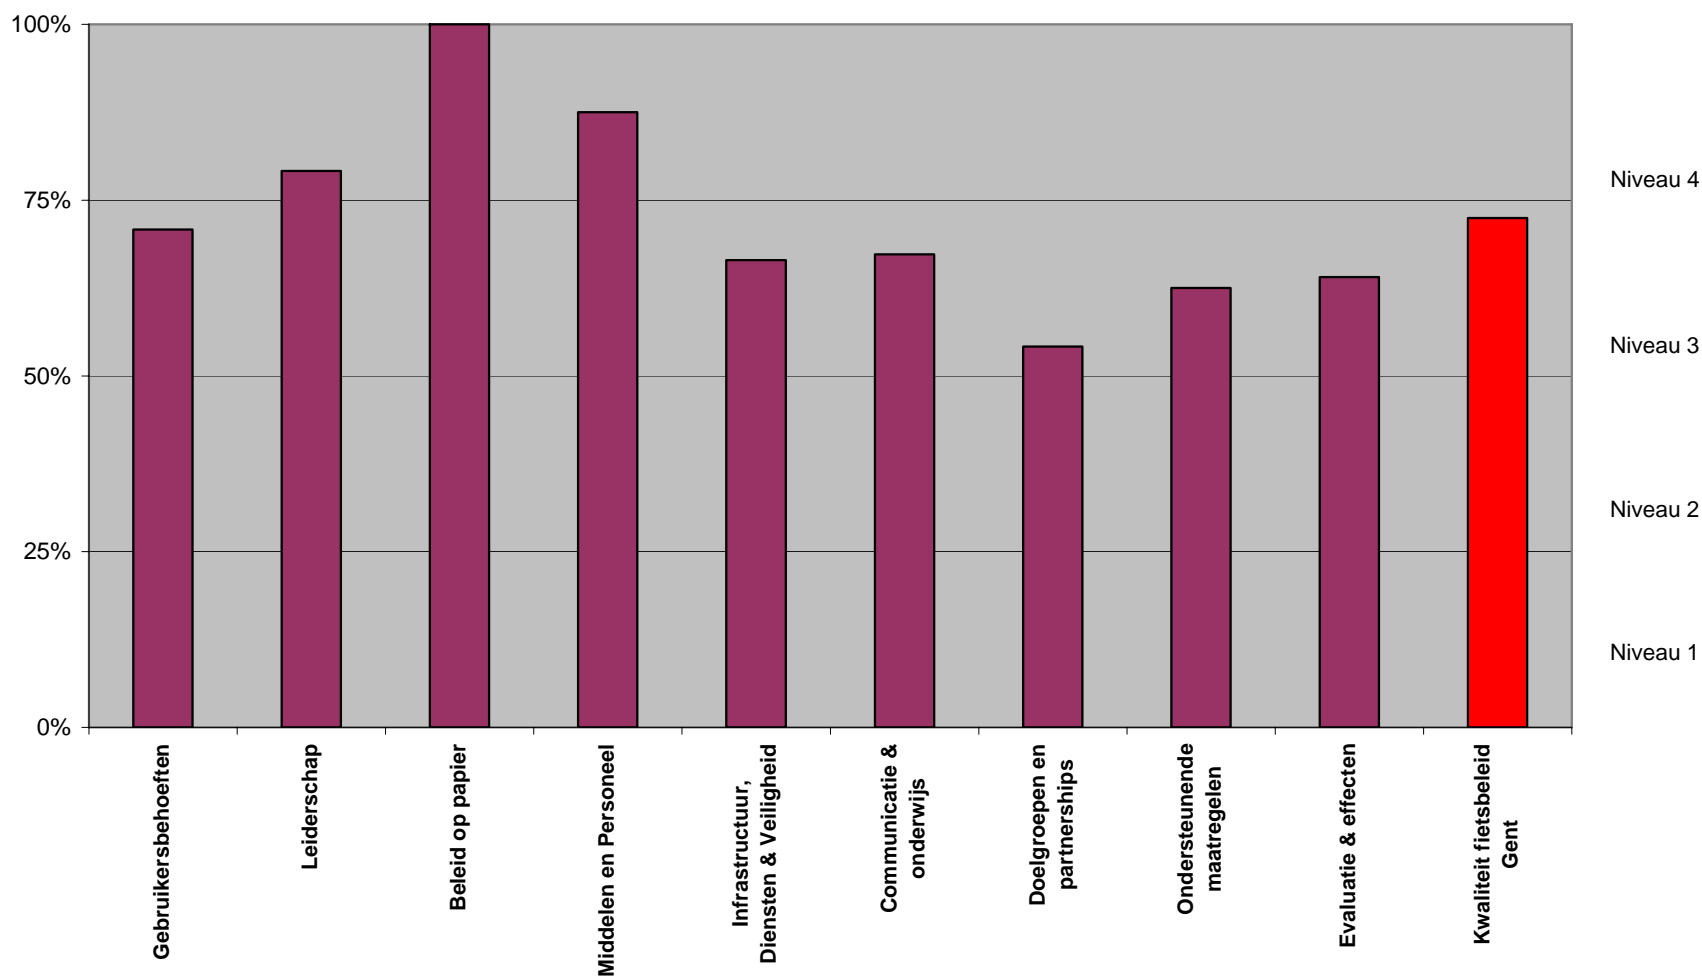

BYPAD
BICYCLE POLICY AUDIT

More quality for bicycle traffic

What are your strenghts and weaknesses ?

BYPAD
BICYCLE POLICY AUDIT

More quality for bicycle traffic

How does the BYPAD method help ?

- ***better knowledge of local actions and potential***
- ***exchange of European and national experiences***
- ***coordination within the national context***
- ***regular monitoring applied in many cases***
